Can't believe Danny Wayne Burton only living child did not receive the flag is his honor.. his ex wife did because she paid for the funeral with the monies she took from him.. Pretty freakin sad 😞

This is uncalled for... Cheryl and the rest of the family dont need the drama. Wayne had it set up the way he wanted things and he would not be at all Happy that you all are bickering over a flag that he requested to go to Cheryl (his wife) even if they weren't married this was his wish and final say. It is truly sad to see families act out like this in times of grief. If he had written the will any other way it would have been stated. Cheryl was making her own money and paid for his funeral from an inheritance she recieved from her mother! Cheryl L. Burton I love you
