“ I am so sorry to hear this news. Jane, Jack and family please accept my condolences. Dorothy talked of you and your children all the time with great love and pride. She kept me apprised of all her grandchildren. She and your dad were wonderful neighbors. Dorothy had me over for a Christmas time dinner with her friends a few years back and I was touched that she included me. What a kind soul. She will be missed. Comforting to know she and your dad are reunited.

“ I was privileged to know Dorothy for only the last year of her life but we became great friends and I know she looked forward to my visits. I volunteered through Senior Services and I am so happy they arranged for me to visit Dorothy. I tried to visit her at least once a week and throughout the past year, we became good friends. She always told many stories about her life and I learned quite interesting history tidbits from her.

*She will be greatly missed by all who knew her and Jane, please call if you ever want to talk. I will be there.*

“ I always loved visiting with Dorothy. I rented their apartment for a couple of years and Dorothy made me feel like one of her family. It's been many years since then, but, I saw her last year and we talked just like old times. She was a wonderful lady and will be missed by everyone who knew her.

“ sorry for your great loss As a kid in grade school you would always see a smile on her face as you walked by the office My mother worked as one of the cooks in the kitchen so when Dorothy would see me she would always say hi Several years ago I was at a wake and had a chance to talk to her again and we got to talk about some of the teachers at the grade school I enjoyed the chance to be able to hear how she was doing again sorry for your great loss.
