“ Oh KT,I will never forget the first time I met you and Barb. Now I was still in high school, this was in early 70's. I was actually afraid of you. I was a little on the shy side and gullible. You caught on to me right away. You would always have that straight face and you purposely acted grumpy. After awhile I realized you did it to me to scare me. You were such a kidder, and a loving, happy go lucky guy. I know your surrounded by angels. I love you KT and you will be missed by everyone who was in your life. May you rest in peace. Hug's.
