“ *As a child living next door I didn't know Otis very well but during the summer of 2021 while renovating my mom's house, I got to know him much better. He was such a nice man. We talked a lot and shared stories. He was very proud of his yard and barbed wire collection. My condolences to his family. He will be missed.*

“ *I work at the high school and walk home going right by his house. Most days Otis was at his house, he would stop, wave and say hello while he was working in his yard. In October was one of those days and we started talking, he went on to show me all his flowers he even offered to dig some up and give them to me. He showed me his pond, his fish, turned on the fountain to show me. He gave me the remote to his gator that lived in the pond. I will miss him and his welcome wave and Hello as we saw each other almost everyday I walked to work. Sorry for your loss.*

“ I have so many happy memories of my buddy, he started out as my customer at the DG and became so much more, he would come visit me sometimes 5 times a day and we would laugh and laugh his favorite things to say " I wish you were a TV so I can turn you off" lol.. you just have to know our relationship to see the funny side of our comments. I will truly miss him and hold our conversations in my heart always and I will share alot of what he told me to my son who sadly didn't get to meet him. Rest In Peace my friend
