“ *Nick and Andy:*

Although we never met, I can tell you your mom was sure proud of you two! Dr. Para was our family's doctor and she was so smart and so caring! I wish all doctors were more like her.

I am sorry for your loss, boys. She was a one-of-a-kind jewel and I fell lucky to have known her. May God rest her beautiful soul.

“ *Dear Nick & Andrew I am so sorry to hear of your loss . Your Mom was such a kind Godly women . If ever I needed some advice on anything Medical I knew who I could call . And after she retired we would go to so many different Craft stores looking for the best fabric that was made in the U.S.A. . I remember one time she ask me my favorite color and I said red . And the next time we went on one of our outing she gave me a Red flannel quit that she had made earlier that year . I will always think of her when I use my quilt . And when would talk on the phone and at the end of our talks she would say God Bless Now I pray that God will Bless you both and give you both the strength you need to get through this . .*

“ Dr.Para was our family Dr.. She helped my husband a lot. Dr. Para would come to your home if you couldn't make it to here office. She would have holiday dinners at her home for clients who were less fortunate or no family. The county's Women's Health a Clinic wouldn't of done well without her. At last minute if they needed her she never said no . She was the meaning of the word Dr.. There will never be another one like her. She was a good friend. Because of her I went in to health care. She got me my first job and helped with working for the Health Dept.. She never wanted anything in return. At the end of our conversations she would say God be with you and I love you. Well now your with God . I will say bye for now and I love you!
